

**All Children Included** is a neutral group of parents, professionals, and educators working together for children of determination and their families. We assist families to access inclusive education, host professional events, provide parent support and guidance.

ACI does not advertise or promote any group, organization or company, but provides the opportunity for everyone to work together to promote inclusion for all children in the UAE.

To maintain neutrality, no base is specified, and meetings can be held anywhere that is convenient for those attending

ACI is a non-profit making organization. It is registered with CDA as a Social Club.

Further information can be requested through [allchildrenincludeduae@gmail.com](mailto:allchildrenincludeduae@gmail.com) and through the ACI website.

## All Children Included

We are parents, healthcare professionals and educators who support the vision of the UAE for all children to have equal opportunities.

## What We Do

### Provide Parent Advice and Consultation

- Personal links with ACI members who can help and advise
- Access network of ACI members who can link and/or refer to appropriate professionals
- Provide reliable, neutral, and sound professional support and information to help parents avoid unnecessary expense
- Liaise with other parents who are able to help share their expertise, perspectives and support others
- Open house sessions staffed by ACI professionals to help navigate challenges families may face

### Promote Educational, Employment, and Social Inclusion

- Provide training and mentoring for teachers, learning support assistants and other staff in schools
- Provide support for teachers in curriculum modification and full inclusion of all children
- Educate families regarding government benefits and activities for people of determination
- Access to directory of specialists who can provide services and activities for families and their children
- Educate business owners and encourage them to provide opportunities for work experience, training and sheltered employment for people of determination

### Organize and Facilitate Support Groups

- Liaise with pediatricians and specialists to support families
- Provide a range of literature and evidence based resources
- Meetings and support that educate and empower parents

### Current Groups

- ADHD Parents Support
- IncludeME Parents Support
- ACI - CDA Youth Council Initiative

### Facilitate Workshops and Educational Sessions

- Provide free sessions for school staff and parents focusing on schools with high needs and low budgets
- Workshops on specific topics related to additional needs such as nutrition, parent /child interactions, communication, behavior and others

### Consult on Educational Projects

- Advise stakeholders in regards to educational / social requirements regarding KHDA and CDA
- Advocate for children of determination
- Link with schools each academic year to raise awareness for children with SEN
- Advocate with schools regarding the difficulties parents face, and for specific parents where they request help
- Knowledge of the law and policies to support new and innovative projects
