Who we are:

The Nation's Leading Provider of Prosthetic and Orthotic Care

At Advance Care Prosthetics & Orthotics Center we care for our patients like family, working together to bring about the best possible orthotic and prosthetic outcomes.

We create customized solutions for people of all ages—including state-of-the-art prostheses, braces, shoes, helmets, and other devices—designed to increase the mobility and function of each person we serve.

Our commitment is to listen to you, get to know you as a person, and do everything we can to help you achieve your potential.

Our Values

Patient Centered

We prioritize our patients above all else. Every decision and action we take is centered around providing the best possible service for their needs.

Exceeding Expectations

We aim to surpass expectations by offering immediate access to top-tier orthotics & prosthetics services and products, enhancing client satisfaction to the fullest.

Maximizing Performance & Opportunities

We're committed to maximizing performance and opportunities for all our patients. Through tailored orthotics, we empower them to achieve their fullest potential.

Accessible & Reliable

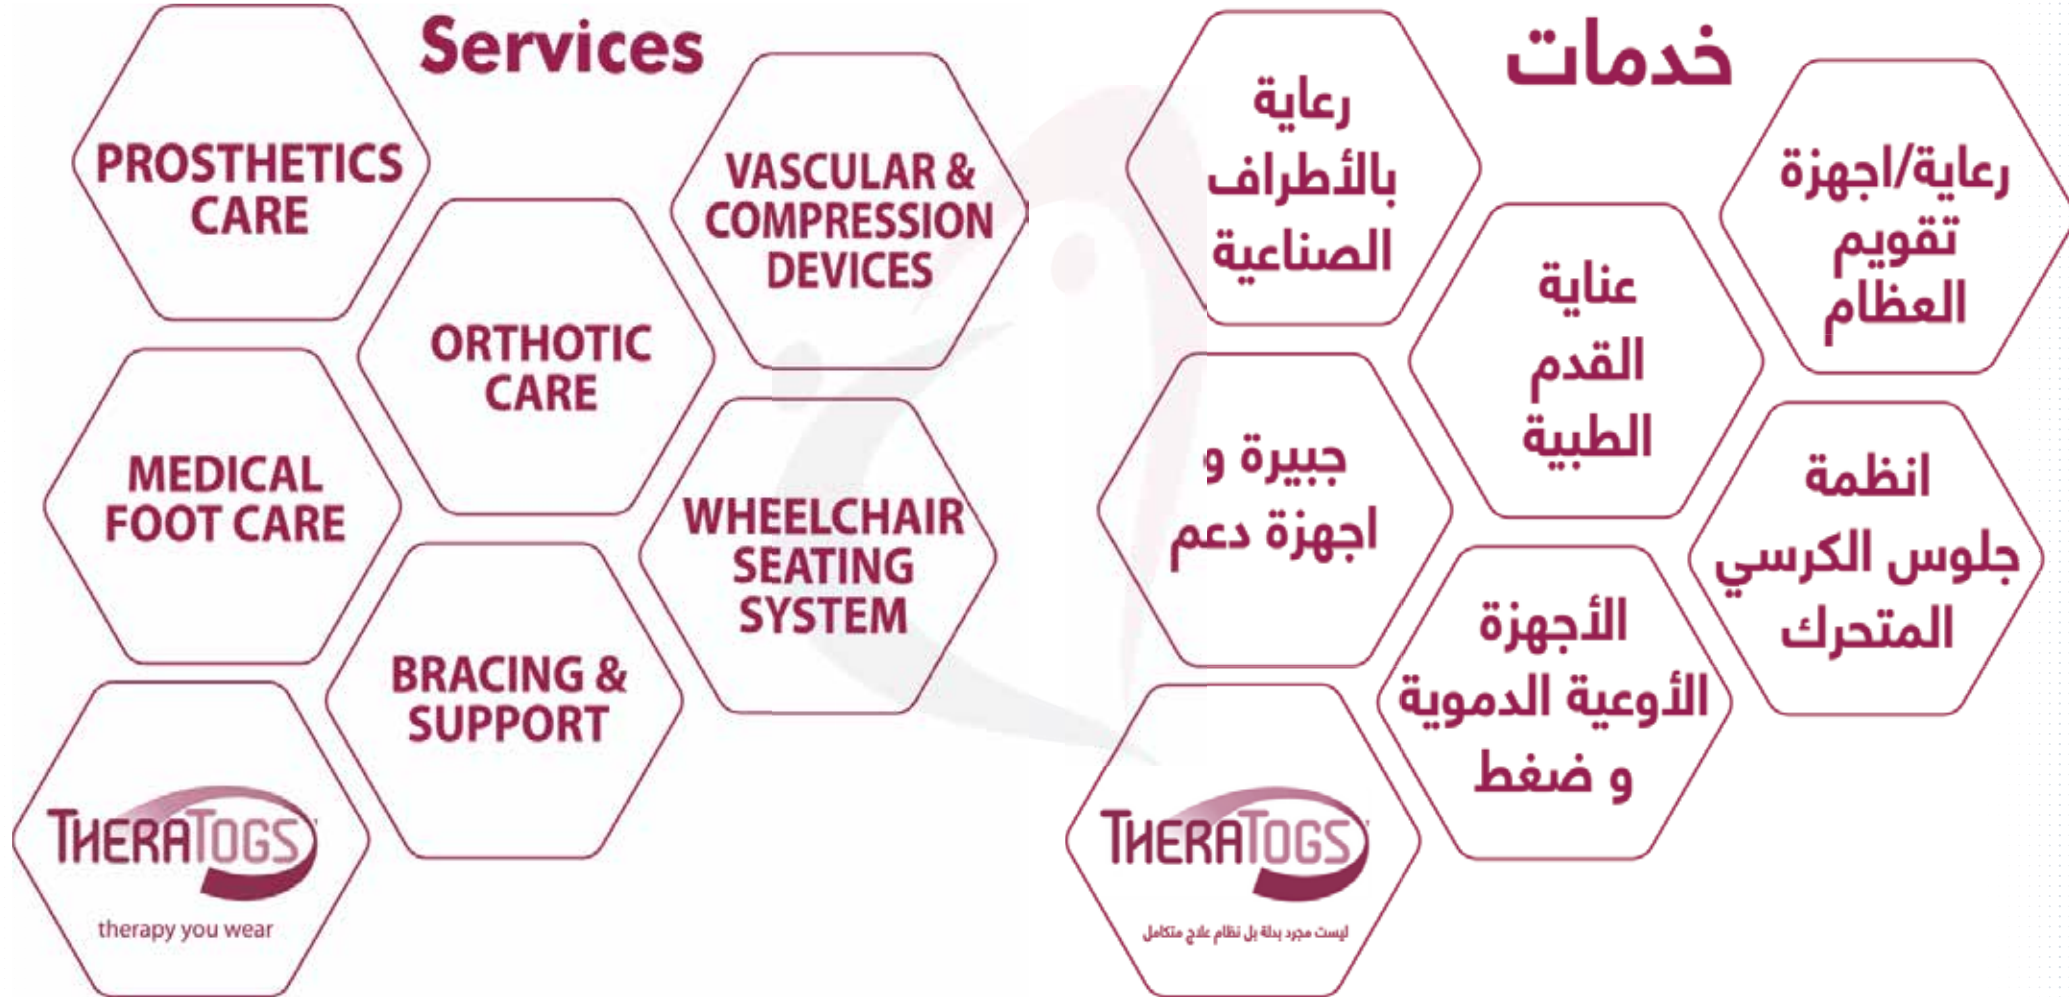

Our aim is to offer accessibility and reliability, consistently delivering effective solutions and prompt results to our clients.

Innovation

We prioritize innovation to advance our clinical service, ensuring that our patients are always at the forefront of our approach.

Our Services

What We Do

PROSTHETICS | UPPER & LOWER LIMB

Rebuilding strength, power, and spirit.

As the nation's largest prosthetics provider, we help thousands of individuals with limb loss or limb difference achieve mobility and independence each year. Our clinicians receive ongoing training and education in the most current innovations, and our broad, collaborative expertise translates into the highest quality of care for each person we serve. Beyond clinical care, we connect people to one another through the peer-to-peer support program and online community for people with limb loss or limb difference. Find inspiration and support from others who have faced similar challenges.

ORTHOTICS | BRACING & SUPPORT

Moving more.

Living better.

Your biggest challenge becomes our greatest inspiration for innovation and improvement in orthotic technology. By listening to your needs, wants, and concerns, we get to know the whole you, gaining a better perspective on how best to increase your mobility and comfort, while decreasing rehabilitation time. We help individuals with a full spectrum of gait and musculoskeletal conditions caused by illness, injury, or congenital conditions. Our expert clinicians create an extensive range of innovative, personalized solutions including state-of-the-art braces, supports, shoes, inserts, and other devices to help you achieve your goals.

What We Do

PEDIATRICS | PROSTHETICS & ORTHOTICS

Helping children live empowered lives.

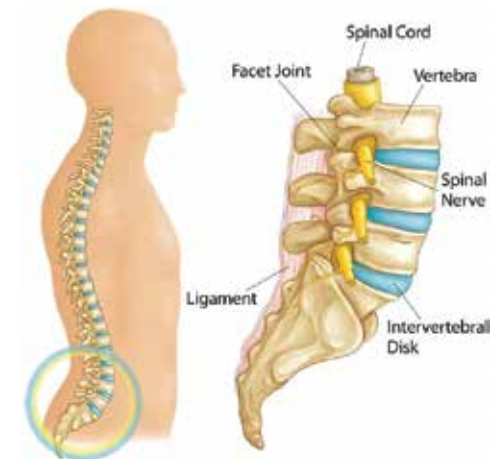

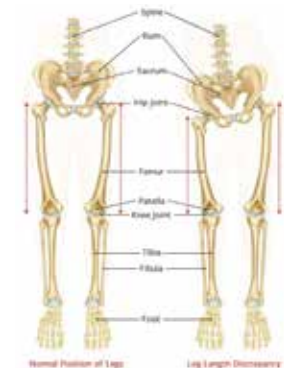

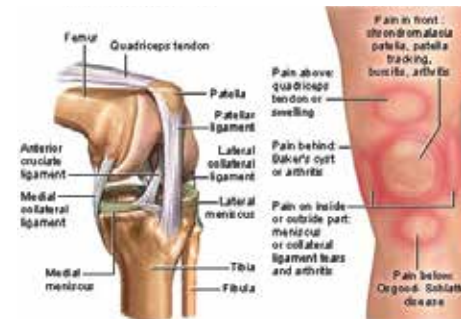

We understand the unique physical, emotional, and social needs of our youngest patients. By teaming together with other care providers, we work hard to bring about the best possible outcomes for your child.

Our skilled pediatric clinicians treat children with mobility and musculoskeletal conditions, from prosthetic requirements to scoliosis and cranial reshaping needs. We closely monitor progress over time, incorporating age-appropriate accommodations and applying new, innovative technologies to ensure your child is receiving the best possible care throughout his or her journey.

What We Treat

Advance Care specializes in providing orthotic and prosthetic solutions for a range of common medical conditions, including:

- Plantar fasciitis
- Drop foot
- Tennis elbow
- Golfer's elbow
- Neuroma
- Flatfoot
- High arched foot
- Knee pain
- Hip pain
- Back pain
- Leg length discrepancies
- Arthritis
- Multiple sclerosis
- Motor neurone disease
- Stroke
- Cerebral palsy

Orthotics Provision

Explore Advance Care's extensive range of orthotic devices, including exclusive options typically reserved for independent practitioners. Rely on our expert orthotists to provide personalized recommendations that cater to your specific requirements and lifestyle preferences.

Orthotics offer a myriad of benefits:

- Align forces and stresses within the body to alleviate pain and prevent injury.
- Support muscles and enhance functionality.
- Substitute for weakened or damaged musculature.
- Stabilize joints and facilitate smooth movement.
- Safeguard nerves and tissues during rehabilitation or post-injury.
- Enhance gait efficiency and walking patterns.
- Provide structural guidance for optimal bone development.

Advance Care collaborates with a range of manufacturers, enabling our experienced orthotists the freedom to work with an extensive range of materials. This ensures we provide the best orthotic solution for you.

Orthotic Solutions we provide

Knee Braces

Knee braces are essential tools for rehabilitation after injuries and for managing knee joint instabilities and chronic conditions.

Ankle Foot Orthosis (AFO)

AFOs (Ankle-Foot Orthoses) improve foot and ankle alignment or restrict joint motion as needed, offering support for various conditions to enhance mobility and well-being

Foot Orthosis

Foot orthoses are custom-designed devices that support and align the feet, alleviating pain, improving function, and enhancing mobility for various conditions

Orthotic Solutions we provide

Upper Limb Orthotics

We offer an extensive range of upper limb orthotics, catering to needs from individual fingers to entire arms, ensuring comprehensive support for all your upper limb requirement

Cranial Orthosis

Cranial scoliosis involves abnormal spine curvature in the skull region. Our specialized treatments and support devices help manage symptoms, promoting better alignment and improved quality of life

Cervical Orthosis

Introducing our Cervical Orthosis, meticulously crafted for optimal neck support and stability. Experience comfort, relief, and enhanced alignment, aiding in recovery from cervical injuries or conditions

Theratogs

Introducing Theratogs: precision-engineered orthotic garments for optimal postural alignment and enhanced mobility. Experience targeted support and improved motor control for transformative therapeutic outcomes

Spinal Orthosis

Our spinal orthotics offer precise support, protection, and realignment for the spine and back, ensuring optimal stability and comfort

Compression Garments

Introducing our Compression Garments: precision-engineered for targeted support and enhanced circulation. Experience optimal comfort and performance for athletes, recovery, and daily wear

Prosthetics Provision

Advance Care specializes in delivering premium prosthetic solutions for both children and adults, including:

- Silicone Prosthetics
- Partial Foot or Syme Prostheses
- Transtibial Prostheses
- Transfemoral Prostheses featuring C-Leg, Genium, and Osteointegration Technology
- Bionic Hand Prostheses
- Bebionic Finger Prosthetics

Prosthetic Solutions we provide

Mobility Solutions

The Advance Care Difference

COMPASSIONATE CARE

Advance Care P&O Center is a place where you are seen, heard, and valued. Your experience with us is our number one priority, and we have measures in place to ensure we are delivering on this promise. If you travel or move to another city, you will be met with the same dedication to superior care and service at any of our 5 locations nationwide.

PATIENT-CENTERED INNOVATION

We tailor our approach to care based on your personal goals. Using research based, data-driven clinical programs, we track and monitor your progress over time, and apply new, innovative clinical techniques to help ensure you achieve success today and every day.

UNMATCHED EXPERIENCE

Our team of 20+ clinicians has treated more orthotic and prosthetic patients than any other provider. With our collective training and expertise, you have convenient access to multiple clinical opinions and recommendations, including support from specialized clinicians who travel the country consulting on the most complex cases.

COMMUNITY SUPPORT

Advance Care P&O Center patients across the country have been where you are now. Through specialized events, an unrivaled peer support network, and an active social community, we create opportunities to connect and engage with The Advance Care Difference others who are just like you.
