

AuTie App to Showcase at AccessAbilities Expo 2025: The World's First Autism-Focused Social Media Platform with an Emirati Heart and a Global Vision

Dubai, UAE – [Date of Release] – AuTie, the first social media application in the world dedicated entirely to the autism community, proudly announces its participation in the **AccessAbilities Expo 2025**, the leading platform for disability and rehabilitation solutions in the Middle East. Developed in the United Arab Emirates, AuTie is a privacy-first, culturally attuned social support platform designed to empower parents and caregivers of autistic children through connection, community, and trusted resources.

With roots in the Gulf and ambitions that span the globe, **AuTie** provides families with a safe and supportive space to share experiences, find vetted therapists, clinics, schools, and sensory-friendly businesses, and break the barriers of isolation and stigma. The app's mission is simple yet powerful: **Connect. Support. Thrive.**

H.E. Aysha AlKaabi, Founder and CEO of **AuTie**, emphasized the significance of the Expo for the platform's growth and mission:

"AccessAbilities Expo 2025 is not just an event—it is a gateway for meaningful collaboration. As an Emirati-born platform with a global vision, AuTie is here to showcase how technology and cultural sensitivity can come together to serve a noble social cause. We look forward to building partnerships that will help us reach and support more autism families worldwide, empowering them with hope, resources, and community."

AuTie's participation at the Expo highlights the UAE's pioneering role in fostering inclusive technology solutions and reinforces its commitment to the autism community. The platform stands out by offering privacy-first features, a network of verified service providers, and culturally relevant support that meets families where they are—both geographically and emotionally.

The **AccessAbilities Expo 2025** will provide AuTie with a unique opportunity to connect with government bodies, NGOs, service providers, and global innovators in the disability sector, paving the way for partnerships that amplify its social mission.
